#### **3. Interests**

There were no updates to the Interests Register, and no interests with items on the agenda were declared.

## **4. Public Forum**

### **4.1 Jim Hilton**

Jim Hilton spoke about the Brook Waimarama Sanctuary Trust's resource consent application to drop Brodifacoum poison into the Brook Valley for pest control purposes.

Attendance: The meeting adjourned from 9.15am to 9.18am.

Her Worship the Mayor drew Mr Hilton's attention to the Standing Orders governing public forum presentations, including that the Mayor may terminate any public forum that is disrespectful. She asked Mr Hilton to refrain from making allegations regarding officer actions in relation to the resource consent process.

Her Worship the Mayor explained further that the resource consent process was a statutory process, and Council had no jurisdiction to intervene in it. She noted the appropriate forums for raising concerns if members of the public disagreed with the outcome of regulatory processes.

In continuing his public forum presentation, Mr Hilton expressed his frustration that members of the public had felt excluded from the resource consent process, and explained his concerns regarding the environmental consequences of using poisonous chemicals as pest control.

## **5. Notice of Motion - 250 Haven Road**

Document number R7226, agenda pages 5 - 9 refer.

The Chief Executive, Clare Hadley, explained the Notice of Motion and drew Council's attention to the background information provided by officers, as attached to the report.

Mrs Hadley answered questions regarding whether the Elected Member who had proposed the Notice of Motion had an interest in the matter greater than the public at large, how elected members should handle the declaration of interests at the Council table, the consequences for the capital works programme should the Notice of Motion be passed, the status of information discussed during Council workshops and whether workshops were open for attendance by members of the public.

Group Manager Infrastructure, Alec Louverdis, answered further questions regarding the number of carparks that could be gained on the site of 250 Haven Road, whether asbestos was present in the building at 250 Haven Road, whether there was a record of complaints to Council regarding the level of parking available in the area, the potential number of carparks available in the land between the Anchor and Customhouse Buildings, and between 250 Haven Road and the Reliance Building, and whether New Zealand Transport Agency input would be required prior to the formation of any new carpark along the State Highway.

Councillor Courtney, seconded by Councillor Walker, moved the recommendation contained in the Notice of Motion.

A Point of Order was raised in accordance with Standing Order 3.13.4(e), that Councillor Courtney was in breach of Standing Order 3.8.5 by reading a speech without permission of the Chairperson. Following discussion, Her Worship the Mayor granted permission to Councillor Courtney to continue reading his speech.

Councillors discussed the motion, and a variety of views were expressed. During the discussion, it was noted that, if the Notice of Motion were successful, this may impinge on the outcome of a previous public excluded resolution of the Governance Committee, for which negotiations were still ongoing.

Attendance: The meeting adjourned from 10.28am to 10.55am.

It was noted that the meeting would move into public excluded session in order for councillors to be briefed on what the potential implications of passing the Notice of Motion were for the previous public excluded Governance Committee resolution for which negotiations were ongoing.
