4. Public Forum

4.1 Kim Hall spoke to a petition regarding the installation of a pedestrian refuge on Main Road Stoke. Her points included:

- the petition represented the concerns of the wider community
- car parking was at a premium, the main road was essential to visit stores, with easy access from the main road
- the car park was built 20 years ago, there was a growing population
- the refuge was to be situated 52 metres from the closest traffic lights
- the existing crossing was the safest place to cross, this was a busy road in daytime hours
- the refuge would hinder emergency services in heavy traffic at the lights
- there was a danger of accidents with vehicles stopping for people on the refuge
- the Stoke business hub needed more carparks.

Her Worship the Mayor noted that construction of the refuge was underway, that a safety audit would be undertaken, and requested that the Chief Executive arrange for staff to communicate with Ms Hall regarding the rationale for the placement of the refuge.
