### 2. Confirmation of Order of Business

Item 12 of the agenda – Nelson Regional Sewerage Business Unit – Business Plan 2018-19 and Bell Island Resource Consent was considered after Item 5 - Confirmation of Minutes.

### 3. Public Forum

Attendance: Councillor Skinner entered the meeting at 1.05p.m.

Phil Osborne, representing residents of Seafield Terrace, spoke about the process for the residents as a community. He thanked Council for its engagement with the residents and for noting the residents' points of interest. He noted that the residents group did not realise that a 3D model would cost \$2000 (paragraph 4.1.6 of the report) and clarified that the group did not think that this was a good use of resources.

Mr Osborne thanked Council for the installation of the safety barrier.

Mr Osborne answered questions regarding his perception of problems in the way forward. He noted that this was an interim solution because of climate change and highlighted the need for a hard edge to the road to prevent erosion. He said that it would be nice if the revetment could go to the playground and suggested perhaps there could be a compromise as there was a cost involved. He noted that theirs was a diverse community with a variety of views, but that generally the community was happy and that it had been a constructive process.

### 4. Interests

There were no updates to the Interests Register, and no interests with items on the agenda were declared.

### 5. Confirmation of Minutes

5.1 28 September 2018

**6. Nelson Regional Sewerage Business Unit - Business Plan 2018-19 and Bell Island Resource Consent (Agenda Item 12)**

Document number R9759, agenda pages 100 - 143 refer.

Group Manager Infrastructure, Alec Louverdis, introduced Tasman District Councillor Kit Maling, Chair of the Nelson Regional Sewerage Business Unit (NRSBU) and Acting General Manager, Don Clifford and provided background information.

Councillor Maling and Mr Clifford noted there was a strong alignment with Nelson City Council's Long Term Plan and environmental vision and aspirations and that the unit had \$6.5M in its budget over the next few years for upgrades and that the NRSBU was engaging closely with iwi.

Councillor Maling and Mr Clifford answered questions regarding renewable energy, reducing discharge and intended use of the old water treatment plant membranes currently being replaced at the Nelson Water Treatment Plant to clean inlet screens at Bell Island.

Resolved WI/2018/065

***That the Works and Infrastructure Committee***

***Receives the report Nelson Regional Sewerage Business Unit - Business Plan 2018-19 and Bell Island Resource Consent (R9759) and its attachments (A2086495, A2086498 and A2086501); and***

***Endorses the changes made to the Nelson Regional Sewerage Business Unit Business Plan 2018/19 (A2086495) to better reflect Nelson City Council's Long Term Plan and their environmental aspirations; and***

***Receives the Nelson Regional Sewerage Business Unit's Acting General Manager's advice (A2086498) that there is very good alignment between the Bell Island resource consent and Nelson City Council's environmental aspirations and that the Bell Island resource consent application should proceed.***

Skinner/Lawrey

Carried

Recommendation to Council WI/2018/066

***That the Council***

***Approves the Nelson Sewerage Business Unit Business Plan 2018-19 (A2086495) noting that this now better reflects Nelson City Council's Long Term Plan and Nelson City Council's environmental aspirations.***

## 10. Recycling - Update on international markets

Document number R9485, agenda pages 79 - 87 refer.

Group Manager Infrastructure, Alec Louverdis, presented the report and answered questions regarding contractual arrangements with Nelmac, fees and financial reserves, recycling exported from New Zealand, the continuing drop in commodity prices and landfill costs and landfill lifespan.

Discussion took place on the options and Her Worship the Mayor noted that the focus should be to reduce waste in the first instance, and that New Zealand should take responsibility for its own waste and not send it overseas. The role the government has to play in ensuring systems around verification of where recyclables end up was highlighted, along with the need for investigation. Mayor Reese undertook to have a discussion regarding what local government was doing as a sector prior to the Council meeting which would consider this recommendation from the committee.

Further discussion took place regarding the split between the reserves and the increase in landfill fees. It was noted that renewal of the recycling contract was not on the current priority list but would most likely be reviewed in approximately 24 months' time.

Resolved WI/2018/070

***That the Works and Infrastructure Committee***

***Receives the report Recycling - Update on international markets (R9485); and***

***Agrees to continue with recycling for the 2019/20 financial year in Nelson recognising the strong commitment from Nelsonians.***

Noonan/Her Worship the Mayor

Carried

Recommendation to Council WI/2018/071

***That the Council***

***Agrees to consider through the 2019/20 Annual Plan the additional costs resulting from the ongoing low global commodity prices, for the 2019/20 financial year at an estimated cost of between \$132,000 and \$192,000 funded 50% from the current reserves in the Solid Waste account and 50% through increased landfill charges.***

Noonan/Her Worship the Mayor

## 11. Tahunanui Modellers Pond Trial

Document number R9692, agenda pages 88 - 92 refer.

Group Manager Infrastructure, Alec Louverdis, provided background information and Manager Utilities, David Light, answered questions regarding the trial's progress.

During questions, Her Worship the Mayor R Reese raised a Point of Order and requested that Councillor Lawrey withdraw a comment suggesting that officers were being evasive and apologise. The Chairperson upheld the Point of Order and the comment was withdrawn and an apology made by Councillor Lawrey.

It was noted that Council was waiting for the results of tests to confirm the results.

Resolved WI/2018/072

***That the Works and Infrastructure Committee***

***Receives the report Tahunanui Modellers Pond Trial (R9692) and its attachment (A2078208); and***

***Refers a decision on the ongoing dosing trial at Tahunanui Modellers Pond to the Council meeting of 13 December 2018.***

Matheson/Noonan

The meeting was adjourned at 3.07p.m. and reconvened at 3.19p.m.

**13. Waimea Road - Proposed Amendment to the Speed Limits Bylaw**

Document number R9765, agenda pages 144 - 168 refer.

Senior Asset Engineer – Transport and Roading, Paul Devereux, answered questions regarding:

- the city-wide speed limit review date
- current average speeds
- the consented traffic lights design
- clarification of the area in question
- road and cycleway safety.

It was noted that the extension of the consultation period through January and February should be reinforced and communicated to potential submitters and that a reduction in speed limit was not a fait accompli, a decision on the matter would be made following consultation, submissions and deliberations.

Resolved WI/2018/075

***That the Works and Infrastructure Committee***

***Receives the report Waimea Road - Proposed Amendment to the Speed Limits Bylaw (R9765) and its attachments (A2069574, A2075290, A2069647, and A2079928).***

Lawrey/Matheson

Carried

Recommendation to Council WI/2018/076

***That the Council***

***Agrees a bylaw to set a permanent speed limit is the most appropriate way of addressing safety issues on Waimea Road between Market Road and the Beatson Road roundabout; and***

***Agrees the proposed amendments to the Speed Limits Bylaw 2011 (210) are the most appropriate form of bylaw and do not give rise to any implications under the New Zealand Bill of Rights Act 1990; and***

***Agrees a summary of the Statement of Proposal Amendment to the Speed Limits Bylaw 2011 (210) is not required; and***

***Adopts the Statement of Proposal (A2069647 of Report 9765) relating to the lowering of the speed limit along Waimea Road from 240m south of Market Road (Market Road) through to 200m north of the Beatson Road roundabout (Beatson Road roundabout); and***

***Approves commencement of the Special Consultative Procedure (A2069647 of Report R9765), with the consultation period to run from 14 December 2018 to 15 February 2019; and***

***Approves the consultation plan (A2079928 of Report 9765) and agrees:***

- (a) the plan includes sufficient steps to ensure the Statement of Proposal will be reasonably accessible to the public and will be publicised in a manner appropriate to its purpose and significance; and***
- (b) the plan will result in the Statement of Proposal being as widely publicised as is reasonably practicable as a basis for consultation.***
