Parking and Vehicle Control Bylaw

1. Purpose of Report

- 1.1 To approve proposed alterations to Schedules of the Parking and Vehicle Control Bylaw (2011), No 207, to give effect to minor safety and parking improvements, roading improvements carried out as part of the capital works programme and changes from new subdivisions.

2. ***Approves amendments detailed in report R22707 and its attachments (A2788242 and A2788624) to the following Schedules of the Bylaw, Parking and Vehicle Control (2011), No 207:***
 - ***Schedule 9***

3. Background

- 3.1 The Parking and Vehicle Control Bylaw 2011 allows for the Council by resolution, to add, amend or delete specifications contained within the Schedules. The Council has delegated this power to the Hearings Panel - Other. To ensure that the Bylaw is enforceable it is important to ensure that the Schedules are updated on a regular basis. The Bylaw Schedules were last updated in October 2021.
- 3.2 Minor alterations and additions are proposed to Schedule 9 of the Bylaw as detailed in section 4.
- 3.3 The proposed alterations and additions are shown for indicative purposes only by plans attached to this report. The purpose of these plans is to

Item 6: Parking and Vehicle Control Bylaw

assist the Panel to understand the nature of the changes proposed. These plans will not form part of the final bylaw. The actual changes as they will be incorporated into the final schedules of the Bylaw, and with the level of detail required for enforcement purposes, are set out in the schedule of changes appended as Attachment 2.

4. Discussion

Schedule 9 – No Stopping and No Parking Areas

4.1 Bay View Road – Proposed No Stopping Areas

- 4.1.1 Concern has been raised by residents of Bay View Road regarding the increase in traffic and speeds, largely attributed to the Bay View subdivision. Officers and the developer (and the developers' contractor) have met with residents on this matter and the developer has prepared a Construction Traffic Management Plan (CTMP) that has been circulated to the residents. That CTMP addresses aspects that the developer can control with respect to construction traffic relating to the earthworks and supply of materials for the subdivision.
- 4.1.2 The CTMP does not and cannot address the other issues experienced on the road. Officers have reviewed options to improve safety, and have lettered residents seeking feedback on the installation of no stopping signs to improve sight distances and overall safety.
- 4.1.3 No stopping areas are proposed where visibility is reduced due to the geometry of the road. Ensuring that the road is clear of parked vehicles during weekdays will ensure vehicles can travel within their designated lanes, particularly larger trucks and construction plant associated with the development but also general traffic. These no stopping areas would be established using signs rather than road marking due to the varying times at which these restrictions would apply.
- 4.1.4 The proposed no stopping would be established using no stopping signs that would prohibit parking between the hours of 8am and 5pm Mon-Fri. This coincides with the times when traffic volume is greater due to construction traffic. Outside of these times, parking can occur as it does currently.
- 4.1.5 Officers propose that these areas be established permanently and be monitored and reviewed for effectiveness as and when changes occur to the roading environment.
- 4.1.6 At the time of report writing the collection of feedback from residents was underway. Feedback will close on 28 November allowing officers time to prepare and circulate a summary of feedback to the Hearing Panel prior to the meeting. The proposed no stopping areas are shown in attachment 1, titled 4.1.

5. Options

- 5.1 There are limited options for the items presented in this report as the changes in schedule 9 are proposed changes to improve safe traffic movement. Option 1 is the recommended option.

Option 1: Adopt changes as attached for Schedule 9 without changes. Recommended option.	
Advantages	<ul style="list-style-type: none">• Installation of time restricted no-stopping ensures vehicles can travel within their designated lanes, particularly larger trucks and construction plant associated with the development• The proposal will go a long way to addressing the concerns of the residents
Risks and Disadvantages	<ul style="list-style-type: none">• Loss of daytime on-street parking in places will affect some residents
Option 2: Do not adopt changes as attached for Schedule 9	
Advantages	<ul style="list-style-type: none">• All day parking on-street is retained
Risks and Disadvantages	<ul style="list-style-type: none">• Failure to approve changes will not address the concerns of unsafe use of the roading network by residents and ignores calls for Council to improve safety on this road

Important considerations for decision making	
1. Fit with Purpose of Local Government	The report recommendation meets current and future needs of communities in contributing to the safe use of the roading and parking network in the City.
2. Consistency with Community Outcomes and Council Policy	The content and recommendations of this report are consistent with Councils Community Outcomes – “Our Infrastructure is efficient, cost effective and meets current and future needs”. In particular that we have good quality, affordable and effective infrastructure, and transport networks. This report is directly aligned to the requirements of the Parking Policy, the Parking and Vehicle Control Bylaw and with Council’s strategic direction through the Regional Land Transport Strategy.
3. Risk	To ensure that the Bylaw is enforceable, it is important to ensure that the Schedules are updated on a regular basis. Failure to update Schedules will open enforcement up to challenge.
4. Financial impact	Costs are within allocated annual budgets for road maintenance or capital projects.
5. Degree of significance and level of engagement	This matter is of low significance. Nearby businesses and residents that could be affected, have been consulted.
6. Inclusion of Māori in the decision-making process	No engagement with Māori has been undertaken in preparing this report.
7. Delegations	<p>The Hearings Panel - Other has the following delegations to consider changes to the Parking and vehicle Control Bylaw.</p> <p><i>Powers to Decide:</i></p> <ul style="list-style-type: none"><i>The power to make changes to the schedules to the Parking and Vehicle Control Bylaw</i>

6. *Notes COVID-19 restrictions have introduced a large amount of uncertainty to events planning.*

3. Background

- 3.1 It is a requirement that temporary road closures made under Schedule 10 Clause 11(e) of the Local Government Act 1974 come to the Hearings Panel - Other for approval.
- 3.2 It is a requirement that consultation with Waka Kotahi New Zealand Transport Agency (Waka Kotahi) is undertaken to temporarily close any road under Schedule 10 Clause 11 of the Local Government Act 1974. Nelson City Council (NCC) and Waka Kotahi have an agreement whereby specific consultation is only required if the closure affects state highway or their assigned detour routes.

4. Community Celebration Parade

- 4.1 Council officers received an application on 15 October 2021 from Asphalt and General to close the roads listed below at the times listed below, and as shown in Attachment 1 for the Community Celebration Parade. The Community Celebration Parade has changed its name this year from the 'Santa Parade', in case the event is postponed requiring it to take place in 2022. Due to uncertainty surrounding COVID-19 restrictions, organisers have provided contingency dates to proceed with this event at a later date.
- Hardy Street (from Rutherford Street to Morrison Street), Trafalgar Street (from Hardy Street to Grove Street and Hathaway Terrace, including Trafalgar Park Lane and Trafalgar Carpark) and Montgomery Square from 6am to 3.30pm Sunday 12 December.
 - Bridge Street (at the intersection with Trafalgar Street) and Halifax Street (at the intersection with Trafalgar Street) from 1pm to 3.30pm Sunday 12 December.
- 4.2 If the event cannot proceed on the 12 December 2021 as planned, the contingency dates (which close the same roads at the same times) are as follows:
- Sunday 16 January 2022
 - Sunday 20 February 2022
 - Sunday 20 March 2022
 - Sunday 17 April 2022

Item 7: Community Celebration Parade, Christmas Carols, Sanitarium Weet-Bix Kids TRYathlon 2022 and Netsky Concert

- 4.3 As per clause 11(e) of schedule 10 of the Local Government Act 1974, this proposed road closure will not exceed the aggregate of 31 days for any year.
- 4.4 Consultation with Waka Kotahi has not been undertaken due to this event not having any impact on the State Highway or its detour routes. Consultation with the Police has been undertaken and they have given their approval for this event.
- 4.5 As per clause 11A of schedule 10 of the Local Government Act 1974, Council placed a notification in Our Nelson on 3 November 2021 to notify of the applicant's intention to close these roads on one of the stipulated dates in the letter and inviting feedback by 17 November 2021. The advertisement was also placed on the Council website, an email notification was undertaken, and a hand delivered letter drop by the applicant to directly affected businesses/residents was carried out (Attachment 2).
- 4.6 Feedback was received as detailed below:
- 4.6.1 A leaseholder of private parking in Crisps Lane sought advice on how access to Crisps Lane would be managed on the day of the proposed closure. Private park lease holders will be given access via Rutherford Street on the day to allow parking in Crisps Lane.
- 4.6.2 A private resident of Hathaway Court requested confirmation on where the parade would start and end, questioning the length of the closure, and asked if the residents of Hathaway Court Apartments could use Trafalgar Park Lane to gain access to their properties. Officers have confirmed with the resident that the Parade will be starting in Montgomery Carpark ending at Hathaway Court. The early road closure is required to prevent people parking in the area before the parade starts. All Hathaway Court Apartments residents will have access via Trafalgar Park Lane.
- 4.7 No noise consent is required for this event and evidence of public liability insurance has been provided.
- 4.8 Council officers are satisfied that the road closure will not unreasonably impede traffic because alternative routes are available, and the extent and duration is limited. Council officers recommend that this application be approved.
- 4.9 If approved, a minimum of 24 hours' notice will be provided to affected businesses and residences. If the event gets cancelled due to, for example COVID-19 restrictions, the closures will proceed to the next contingency date, and this will be publicly notified.

The Christmas Carols is an annual event for the Nelson public to get together and sing Christmas Carols.
- 5.2 As per clause 11(e) of schedule 10 of the Local Government Act 1974, this proposed road closure will not exceed the aggregate of 31 days for any year.
- 5.3 Consultation with Waka Kotahi has not been undertaken due to this event not having any impact on the State Highway or its detour routes. Consultation with the Police has been undertaken and they have given their approval for this event.

No feedback was received for this event.
- 5.5 No noise consent is required for this event and evidence of public liability insurance has been provided.

- 5.7 If approved, a minimum of 24 hours' notice will be provided to affected businesses and residences. If the event gets cancelled due to, for example COVID-19 restrictions, the closures will not proceed, and this will be publicly notified.

- 8.1 Council officers received an application from Trademark Live on 19 October 2021 to close the roads listed below at the times listed below, and as shown in Attachment 7. This concert is in place of Bay Dreams South 2022 due to the implications of COVID-19 and international acts being unable to get into New Zealand. The company organising this event still wanted to bring a concert to Nelson and have planned accordingly with the available acts.
- Hathaway Carpark and Paru Paru Road (just past the bollards) from 6am Tuesday 4 January until 6pm Thursday 6 January;
 - Trafalgar Street (from Wainui Street to Halifax Street), Hathaway Terrace and Grove Street (from Trafalgar Street to Collingwood Street) from 9pm to Midnight on Wednesday 5 January;
