**Blind Citizens NZ has worked alongside Living Streets and other like-minded organizations advocating for the removal of e-scooters off footpaths for several years. As part of the Living Streets Aotearoa campaign this is a great opportunity to make a blind bit of difference. But we need your help. Here now is a detailed explanation and information...**

**The Gazette Notice that declared e-scooters to 'Not Be Motor Vehicles' (which facilitated them being ridden and parked on footpaths) expires on 2nd September or thereabouts and NZTA (Waka Kotahi) are about to consult on its replacement (as a result of the Minister's commitment to do so in response to the complaints made to the Regulations Review Committee).**
